

FURNITURE OIL

**NATURAL MAT EASY CARE WOOD FINISH
 FOR WOODEN FURNITURE, WORK- AND COUNTER-TOPS, TOYS
 AND OTHER HARD USED WOOD SURFACES
 NATURAL OIL-BASED – ENVIRONMENTALLY FRIENDLY
 EASY TO APPLY – EASY TO MAINTAIN
 VERY DURABLE – WATER REPELLENT – DIRT RESISTANT**

PRODUCT CHARACTERISTICS:

SAICOS FURNITURE OIL protects and maintains wooden furniture, also hardwearing table-, work- and counter tops, doors, toys and other wooden objects in a natural manner. It is environmentally friendly - based on natural vegetable - raw materials.

SAICOS FURNITURE OIL complies with the natural requirements of the wood and combines permanently with the wood's surface. It is microporous.

The natural oils penetrate deeply into the wood, keeping it elastic and healthy.

The natural waxes protect and beautify the surface, ensuring its high resistance, long durability and easy maintenance and is extremely durable, water repellent, and resistant against dirt and household chemicals. Also stains from coffee, wine or aggressive fruit juices will not penetrate into the surface and can, therefore, easily be removed.

SAICOS FURNITURE OIL is easy to apply, easy to clean and easy to maintain. It maintains the natural beauty of the wood even after years of use.

COLOUR:

3311 colourless.

FIELD OF APPLICATION:

Wooden furniture, table-, work- and counter-tops, doors, frames, wooden toys, all kinds of mouldings and other wooden objects.

Ideal for wooden furniture in rooms with high humidity like kitchens and bathrooms.

The handy 0,3 L can is very practical for household use.

APPLICATION PROCEDURE:

Preparation: Wood surface must be clean and dry. Free from paints and old varnishes (must be removed - final sanding grain 150). Heavily soiled old oiled or waxed surfaces can be quickly and thoroughly cleaned with SAICOS MAGIC CLEANER.

Easy application: The small 0,3 L can is particularly handy and has expressly been developed for household use.

Shake up well.

Apply with cloth or flat brush (pure bristles).

1st coat apply thinly and evenly along wood grain. Remove surplus material with cloth.

Let dry: approx. 4 - 6 hrs, ensure very good ventilation (oxidative drying).

2nd coat (f. i. table and work tops) as above.

Note: If a slightly satin mat surface is desired, this can easily be achieved with an after-treatment of SAICOS WAX CARE which is also recommended and well proven for later cleaning and maintenance (also available in small 0,3 L cans).

BEST TEMPERATURE FOR APPLICATION:

between 8°C and 35°C.

NUMBER OF APPLICATIONS:

1 - 2 (no preceding ground coat).

CLEANING OF WORKING UTENSILS:

With SAICOS BRUSH CLEANER^{benzene-free} (disaromatized = low odour).

DRYING TIMES:

Approx. 4 - 6 hrs., ensure good ventilation (oxidative drying).

EASY MAINTENANCE:

Normally dry cleaning with mop, cloth or duster. **For moist cleaning** add some SAICOS WASH CARE ADDITIVE to the water, wring out cloth well.

For freshing up and removal of heavy stains use SAICOS WAX CARE. Put sparingly on cloth or directly on wood surface and wipe. To remove persistent stains or soils, put WAX CARE on SAICOS POLISHING PAD or Scotchpad and rub off.

Renovation: is also extremely easy - no sanding required, just apply new coat of SAICOS FURNITURE OIL on clean and dry surface (**can also be applied partially - no visible laps**).

If surface in very bad condition, clean surface with SAICOS MAGIC CLEANER.

INGREDIENTS:

over 50 % solid contents (which remain on the wood).

Natural vegetable waxes and oils: carnauba and candelilla wax, soybean, sunflower and thistle oils, paraffin waxes.

Additives: Zinc-Zirconium-Cobalt-octoates (drying agents from leadfree minerals). 2-Butanonoxim (prevents forming of skin). Polysiloxanes (silicid acid base, extremely water-repellent).

Volatile ingredients: aliphatic hydrocarbons (disaromatized white spirit - benzolefree - complies with purity demands of the European pharmacopoeia).

EU limit value for Furniture oil (cat. A/i): 500 g/l (2010).

SAICOS FURNITURE OIL contains maximum 437 g/l VOC.

PHYSICAL PROPERTIES:

Specific gravity: 0,886 g/cm³.

Viscosity: 90 sec, 4 mm cup, DIN 53211, slightly thixotropic, creamy.

Odour: mild/weak (after natural vegetable oils and waxes), odourless when dry.

Flashpoint: over 61° C after DIN 53213 (identification not required according to EURO-NORM No. EN 13501 - DIN 4102).

SAFETY ADVICE:

Keep out of the reach of children. Do not fill into containers normally used for food and drink. Do not bring into contact with victuals and animal food. In case of contact with eyes rinse immediately with plenty of water and seek medical advice. Do not apply in the presence of naked flames. Wash out any used cloth immediately or store in airtight container (danger of combustion). - Dried coat normally inflammable (EURO-Norm EN 13501 - DIN 4102).

STORAGE PROPERTIES:

Can be stored at least 5 years in closed container. Frost resistant. If thickened by frost, store at room temperature for some hours to regain normal consistency and stir up well.

COVERAGE CAPACITY PER LITRE:

1 L = (approx. 13 m² with 2 coats),
= approx. 23 m² with 1 coat.

CAN SIZE AND COVERAGE:

0,3 L handy size for household use
= approx. 7 m² 1 application
(depends on condition of surface and wood species).

HEALTH AND ENVIRONMENT:

SAICOS FURNITURE OIL contains neither biocides nor preservatives. It does not require identification after the ordinance of dangerous materials, and is physiologically harmless. The dried finish complies with German DIN 53160 T. 1+2 (fast to perspiration and saliva) and the EURO-Norm EN 71 T. 3 (assessment of migration behaviour) = suitable for children's toys.

The above information is given to the best of our knowledge but without liability.

All SAICOS products are made in Germany.
